

## OSCA Foundation Environmental Policy

The OSCA Foundations vision is to

***“improve the quality of life in the communities of Ovenden and surrounding areas through physical activity, active recreation, Sport and cultural events in a first class outdoor venue”***

An important aspect of achieving our vision is a commitment towards the environment.

The OSCA Foundation is committed to working with all sections of our community to achieve the true potential of the area as a desirable place to live, work and be active in.

The key points of its strategy to achieve this are:

- Minimise waste by evaluating operations and ensuring they are as efficient as possible.
- Minimise toxic emissions
- Actively promote recycling both internally and amongst our customers and suppliers.
- Meet or exceed all the environmental legislation that relates to the Company.
